### OBJECTIVE

As a constant learner, I intend to learn properly and apply it in my professional life. All I have are some abilities and academic skills, and I have learned to be patient, which characterizes me. Besides, I have excellent active listening and communication skills. I'm seeking for a job where I can demonstrate my skills in a professional setting and where I can receive guidance from others as I work towards accomplishment. In any company I work for, I want to make sure that my time there is productive for all stakeholders. I enjoy pushing myself and putting in as much effort as I can.

### Work Experience:

1) **Mir Akhter Hossain Ltd. (16 October 2023 – 28 February 2024)**

- An accomplished **ERP Operation Officer** proficient in ODOO modules, with a focus on Master Requisitions, vendor management, and project coordination. Proven ability to enhance requisition processes, collaborate cross-functionally, and pursue ongoing self-study in ODOO development.

2) **Golden Harvest Infotech Ltd. (1 February 2023 – 1 May 2023)**

- Successfully completed an internship by contributing as a **Software Engineer Trainee** within the **Fintech team** where I played a primary role in enhancing an existing Transactional Middleware software by developing APIs and integrating various working systems using the **Spring Boot** framework.

### Training:

- **Full-Stack Developing with MERN** – Ongoing course provided by *CodersTrust Bangladesh*.
- **Development Training** - During a 3-week self-improvement program run by our CSE department, I received training on various *interpersonal development skills* where I can implement those in a professional manner.
